IN MEMORIAM

Mildred D. Siress

1911 - 1988

The 1988 Town Report is dedicated to Mildred Siress in memory of her services to the Town of Seabrook.

Mildy was born in Seabrook, N.H., the daughter of Talbot J. Dow and Evelyn Beckman Dow. She was married to Henry Siress and they have one daughter.

Mildy was an antique dealer for 40 years and since moving back to Seabrook she operated her antique shop known as "Mildy's Antiques" on Lafayette Road.

She was a charter member of the Historical Society and remained a life-long active member. She was instrumental in having the Town donate the Sanborn School to the Historical Society and she was in charge of the fund raising for the restoration of the Sanborn School. She also held the position of curator of the Historical Society.

She belonged to the Ladies Aid, Rand Church, Women's Club and was involved in the Clamshell Alliance. At the time of her death she was serving her twelveth year as a member of the Planning Board. Mildy also spent many hours researching the history of all the cemetery lots in town.

SEABROOK, NH.
MARCH 10, 1988

Adjourned Town Meeting called to order by Moderator, Charles H. Felch, Sr. at 7:15PM.

Salute to flag led by Lydia M. Gould.

Moderator will recognize sponsor of article first.

Only one amendment on floor at a time. All amendments must be in writing and must be signed.

Motion to reconsider must be reconsidered before going to next article.

State law about smoking in a public place enforced--RSA 155:45.

Presentation of appreciation to Clyde O. Brown by Administrative Assistant, Kevin Paicos.

Motion by Elizabeth A. Thibodeau, second by James S. Eaton, to create a special order to take up Articles 2 through 9, 12, 14, 22, 24, 25, 27, 42, 53 through 55, and 57, and to defer action on all other articles until an adjourned session of this Town Meeting on June 9, 1988, at 7:00PM. (The purpose of this motion is to take up all non-money articles as well as one money article and one article requiring transfer from an existing account and the operating budget.)
MOTION ADOPTED.

Article 2: To see if the town will vote to authorize the Board of Selectmen to borrow money in anticipation of taxes and to renew and refund town notes.

Motion by Elizabeth A. Thibodeau, second by James S. Eaton, to adopt Article 2 as read.
ARTICLE 2 ADOPTED.

Article 3: To see if the town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year in accordance with the procedures set forth in RSA 31:95-b.

Motion by Elizabeth A. Thibodeau, second by James S. Eaton, to adopt Article 3 as read.
ARTICLE 3 ADOPTED.

Article 4: To see if the town will vote to authorize the Board of Selectmen to sell at public auction or by advertised sealed bids such town property as is no longer used by the town.

Motion by Elizabeth A. Thibodeau, second by James S. Eaton, to adopt Article 4 as read.
ARTICLE 4 ADOPTED.

Article 5: To see if the town will vote, pursuant to authority under RSA 80:42 and RSA 80:42-a, to retain and hold all real property located within the marshlands and to authorize the Board of Selectmen to sell all other tax title property, in the first instance to former owners of the property, or the grandparents, parents, children, and spouses of said former owner, for a sum not less than the outstanding taxes owed plus accrued interest to the date of tax deed; or failing such sale, then by advertised sealed bids or public auction, at the discretion of the Board of Selectmen. Motion by James S. Eaton, second by Elizabeth A. Thibodeau, to adopt Article 5 as read.
ARTICLE 5 ADOPTED.

Article 6: On petition of Clyde O. Brown and seventeen (17) other legal voters of the town: To see what action the town will take on the following question: "Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes".

Motion by Clyde O. Brown, second by James S. Eaton, to adopt Article 6 as read.

This Article is a citizens' petition and will be voted by yes & no paper ballots, and check-list.

YES 239 NO 23

ARTICLE 6 ADOPTED.

Article 7: To see if the town will vote to authorize the withdrawal of the balance of the Federal Revenue Sharing Fund (being \$76,881.42 as of February 4, 1988, plus accrued interest to date of withdrawal) for use as an offset against the debt service, including principal and interest, of the 1975 water bond.

Motion by Francis Thibodeau, second by James C. Falconer, to adopt Article 25 as read.
Paper ballots used.

YES 97 NO 173

ARTICLE 25 DEFEATED.

Article 26: On petition of James C. Falconer and twenty-one (21) other legal voters of the town: To see what action the town meeting will take on the following proposed by-laws to govern the conduct of Adjourned or Special Town Meetings, acting as a legislative body, pursuant to RSA 40.

1. The official voter checklist(s) shall be used at all Town Meetings at the entrance to the hall for all Adjourned or Special Town Meetings and all persons shall be checked off who enters. Legal voters then may be seated.

All non-voters or non-residents shall be distinctly separated and may be seated only after all legal voters are first seated.

2. That all rules of order and conduct of Town Meeting business other than what is set forth in RSA 40 and the New Hampshire Election Laws shall be conducted by Robert's Rules of Order Revised and that the Moderator shall be required to make his decisions based on these rules and laws.

3. That all Adjourned and Special Town Meetings shall be "video taped" and this record to be preserved in the archives of the Town forever; and to raise and

appropriate the sum of five hundred dollars (\$500.00) for this purpose.

(\$300.00 Recommended by the Budget Committee)

Article 26 deferred until June 9, 1988.

Article 27: On petition of Paula T. Pietrowski and forty (40) other legal voters of the town: To see if the town will vote to authorize the Seabrook Recreation Commission to offer an after school program for latch key children (children who go to an empty home after school).

Motion by Paula Pietrowski, second by Vernon Small, to table this article until a group can get together and work on Article 27.
ARTICLE 27 POSTPONED INDEFINITELY.

Article 28: To see if the town will vote to raise and appropriate the sum of Three Million Five Hundred Thousand (\$3,500,000.00) Dollars for the purpose of granting said amount to the Seabrook Housing Authority for the following purposes:

1. Said money is to be used by the Housing Authority exclusively for expenses of the Authority in the acquisition/funding, planning, construction and operation of an Elderly Housing Project;

2. Four Hundred Thousand (\$400,000.00) Dollars of this appropriation to be released immediately for the purchase of the land and preliminary site preparation including all related costs for acquisition such as deposits, hazardous waste surveys, insurance, engineering costs, preliminary site survey expenses, preliminary architectural costs, recording costs, legal fees, title insurance fees, wetlands approval ("evidence that premises are not in a Federal special flood hazard zone"), water resources investigation, required licenses with respect to zoning, environmental laws and building permits.

3. The balance of said funds are to be held in escrow until such time as the architect has consulted with all required Town agencies to design an appropriate and safe structure necessary for Elderly Housing. The funds shall include the engagement of an architect for the project with associated costs and fees, architectural plans and specifications, engagement of a contractor for construction of the project, builder's risk and other insurance, worker's compensation insurance, legal fees and costs, construction of the project including all related costs required to facilitate completion of the project.

4. A public hearing shall be held, followed by a Special Town Meeting request that the Town vote to

authorize the Seabrook Housing Authority to proceed with the Elderly Housing project. Thereby releasing the funds in escrow to the Seabrook Housing Authority for the purpose stated above. Also that said housing be exclusively for Seabrook residents with a one year residency requirement.

Accountability will include a yearly audit filed with the Town Clerk in time for the town report, also a budget for the coming year. Should the vote be against proceeding with Elderly Housing, all funds held in escrow will be returned to the General Fund to reduce taxes.

(Recommended by the Budget Committee)

Article 28 deferred until June 9, 1988.

Article 29: To see if the town will vote to raise and appropriate the sum of Four Hundred Thousand (\$400,000.00) Dollars for the purpose of purchasing the land and preliminary preparation of said land on a site for Elderly Housing including all related costs for acquisition such as deposits, hazardous waste surveys, insurance, engineering costs, preliminary site survey expenses, preliminary architectural costs, recording costs, legal fees, title insurance fees, wetlands approval ("evidence that premises are not in a Federal special flood hazard zone"), water resources investigation, required licenses with respect to zoning, environmental laws and building permits.

(Recommended by the Budget Committee)

Article 29 deferred until June 9, 1988.

Article 28: To see if the town will vote to raise and appropriate the sum of Three Million Five Hundred Thousand (\$3,500,000.00) Dollars for the purpose of granting said amount to the Seabrook Housing Authority for the following purposes:

1. Said money is to be used by the Housing Authority exclusively for expenses of the Authority in the acquisition/funding, planning, construction and operation of an Elderly Housing Project;

2. Four Hundred Thousand (\$400,000.00) Dollars of this appropriation to be released immediately for the purchase of the land and preliminary site preparation including all related costs for acquisition such as deposits, hazardous waste surveys, insurance, engineering costs, preliminary site survey expenses, preliminary architectural costs, recording costs, legal fees, title insurance fees, wetlands approval ("evidence that premises are not in a Federal special flood hazard zone"), water resources investigation, required licenses with respect to zoning, environmental laws and building permits.

3. The balance of said funds are to be held in escrow until such time as the architect has consulted with all required Town agencies to design an appropriate and safe structure necessary for Elderly Housing. The funds shall include the engagement of an architect for the project with associated costs and fees, architectural plans and specifications, engagement of a contractor for construction of the project, builder's risk and other insurance, worker's compensation insurance, legal fees and costs, construction of the project including all related costs required to facilitate completion of the project.

4. A public hearing shall be held, followed by a Special Town Meeting request that the Town vote to authorize the Seabrook Housing Authority to proceed with the Elderly Housing project. Thereby releasing the funds in escrow to the Seabrook Housing Authority for the purpose stated above. Also that said housing be exclusively for Seabrook residents with a one year residency requirement.

Accountability will include a yearly audit filed with the Town Clerk in time for the town report, also a budget for the coming year. Should the vote be against proceeding with Elderly Housing, all funds held in escrow will be returned to the General Fund to reduce taxes.

TOTAL BUDGET OF \$9,251,134.00 DOLLARS ADOPTED.

Resolution by Warner Knowles, second by James C. Falconer.

Be it resolved: That whereas the Seabrook Beach Precinct, has by a special enactment of the NH Legislative it's own and exclusive zoning; including it's own Building Inspector, Board of Adjustment, and the enforcement of such zoning ordinances vested in the Seabrook Beach Precinct Commissioners. Whereas there has now occurred widespread and flagrant instances of those zoning laws being violated within the Seabrook Beach Precinct as well as violations of the State Laws and Regulations of NH Water Supply and Pollution Control Commission on sewage, septic involving the town of Seabrook.

Whereas there as instances of lack of enforcement of involving a wide spectrum of Precinct Zoning Code be it further resolved that the following course of action be taken by this annual adjourned Seabrook Town Meeting:

That the Town of Seabrook's Senator and Representatives to the General Court be formally requested to introduce a bill for Legislation at the next session of the General Court that will rescind the law or laws, allowing the Seabrook Beach Precinct to have it's own exclusive enacted zoning ordinances governing land use and the enforcement there of; and that the Town of Seabrook benamed the authority for zoning and enforcement thereof. Be it further resolved that the Town of Seabrook thru it's Board of Selectmen be directed to take whatever legal courses of action necessary to enforce the person(s) responsible to take action on the widespread zoning violation at Seabrook Beach Precinct which are having an adverse effect on the Town as a whole.

The legal course of action to include a request to the cognizant law enforcement agencies and departments of both county, and state having jurisdiction of the violations involved, and the violations to be specifically documented and presented to those names above.

Motion bo adjourn by Frederick Moulton, second by Paul Kelley.

MEETING ADJOURNED AT 11:15 PM.

SPECIAL TOWN MEETING

RECREATION CENTER

SEPTEMBER 13, 1988

Special Town Meeting called to order by Moderator Charles H. Felch, Sr.
at 7:25 PM.

Only 90 present . This is not a quorum and this Special Town Meeting cannot continue.

This meeting will be held over until Annual Town Meeting in March of 1989. At that time more will be known about this Southeast Regional Refuse Disposal.

Meeting adjourned at 7:50 PM.

Virginia L. Fowler
Town Clerk of Seabrook

BOARD OF SELECTMEN/ADMINISTRATIVE ASSISTANT

1988 was a year of transition for the Town of Seabrook. In January, the looming financial uncertainty of Public Service Company of New Hampshire became reality. On January 28th Public Service, the lead owner in the Seabrook Nuclear Generating Facility and the Town's largest taxpayer, became the first utility to file for bankruptcy protection since the great depression. The bankruptcy cast a cloud of uncertainty on the Town and its finances.

The financial position of the town's largest taxpayer being in question created a mood of conservatism at the March annual town meeting. The operating budget, cut by \$300,000 dollars from the floor of town meeting and four (4) special articles were the only items taken up and passed at this meeting. The balance of the warrant articles, amounting to fourteen million plus dollars in special appropriations were deferred until June 9th when the adjourned town meeting would reconvene. The idea to table action on the rest of the warrant was initiated by the Selectmen in hopes that by early summer the governing body might have a better understanding of what Public Services' bankruptcy would mean to the community.

In April the engineering design for the rehabilitation of the Causeway Street bridge was completed and in May a contract for construction was awarded. Construction began in June and the project was successfully completed in late September.

The town's new Administrative Assistant began serving the community in May. Steven A. Clark was hired by the Board in April and officially settled into the office on May 23rd. A large portion of his time has been representing and advising the Board on the tax issue of the power plant, as well as completing all other duties vested in the position.

The summer of '88 set many records for temperature and lack of rain. This heat wave placed quite a strain on the town's water system. Requests for reduced usage and sound management by Water Department personnel are two reasons the town was able to avoid a moratorium.

The adjourned town meeting reconvened on June 9th. The questions concerning the town's financial status were still unanswerable. One thing was certain: if town meeting approved the budget of special articles as originally presented, taxes would increase by an unprecedented amount. Town meeting, in show of support of the Selectmen's recommendation, moved to indefinitely postpone thirteen million one hundred eighty-three thousand four hundred ten dollars in appropriations.

In early July the town felt the impact of the recent change in the state fireworks law. Cars from as far as Maine and Vermont flocked into the community to take advantage of the availability of fireworks prior to the July 4th holiday. The unforeseen boom in fireworks sales, due to the new law, sparked discussion and a call for action to the legislature to correct the loopholes and liability in the new law.

By mid-September the first contract for the proposed forty-one

million dollar sewage treatment project was approved by the Department of Environmental Services, Water Supply and Pollution Control Division. This document, the first in a series of five contracts for the project was for the placement of sewer mains on Washington Street, Adams Street, South Main Street, Route #286 and Route #1A. As the Board prepared to let this first contract, unforeseen opposition arose from our neighbors to the south. Many residents from Salisbury Beach, concerned with the environmental impact of the project, are adamantly opposing the selection of the Wright's Island site for the treatment plant and are equally opposed to the ocean outfall pipe proposed for the project.

The Selectmen, in response to issues raised by the New Hampshire Wetlands Board and the Army Corps of Engineers concerning these environmental issues, have delayed the start of construction until these issues can be resolved. In the meantime, the Board is overseeing the final design of the rest of the system with the intent of having the entire project ready to be implemented as soon as the community receives all its necessary permits.

The ad valorem assessment of Seabrook Station has been the subject of litigation between the town and the plant owners for the past ten years. In 1987 the town paid a judgment of eight million dollars to the joint owners for the tax years 1978-1982. In September, Rockingham Superior Court rendered a decision in favor of the joint owners for the tax years 1983-1986. The decision which the town has appealed to the New Hampshire Supreme Court, if upheld, would mean a thirty million dollar judgment (not including interest) against the town.

The Selectmen and Administrative Assistant are working closely with special counsel on developing a long term financial plan that will give some stability to our local government. Ultimately, any comprehensive plan will have to be affirmed by actions at future town meetings. We hope that you will support us in what may be some very difficult decisions. Thank you for allowing us to serve you.

Respectfully submitted,

James S. Eaton

Assistant

Assessing Department

Fiction became fact for Seabrook property owners in January of 1988 when Public Service Company of N.H. filed bankruptcy. This means that our own tax base for 1988 will not be on very substantial ground. The impact of this will be felt not only here but by the County and State.

This year has also been one of reorganizing and recreation. With the aid of our computer several more functions have been added to benefit the following departments: Assessing, Planning Board, Health and Building. This year a new and updated zoning map was made available to the public. Since July some new innovative computer programs have been initiated allowing faster and better access to records and information. Hopefully this trend will be continued, giving a more complete and actual update of property values.

Currently this office is in the process of re-mapping the beach properties with a completely new street address numbering system. This will allow the police, fire and emergency service departments to better serve this area. The Seabrook Post Office has endorsed this idea and is currently designing some new practices to be coordinated with this effort.

BUILDING INSPECTOR

1988 has been a year of slow down in all areas of new construction. Very few buildable residential lots are available in town and the Mobile Home Parks are nearly full. While the completion of the town sewer system will allow some expansion and growth, we must plan carefully to get the most benefit out of this growth without over burdening our services and destroying the residential areas of the town.

1988 has also seen a slow down in the rapid commercial and industrial growth of 1987. This however appears to be only temporary as several large projects have been proposed. This includes plans for two large shopping malls and several smaller complexes along Rte. 1, Rte. 107 and Batchelder Road.

I would like to take this opportunity to remind those who have more than the one allowed unregistered motor vehicle on their property that the cost of removing these vehicles goes up constantly and they should be removed as soon as possible.

REPORT OF POLICE CHIEF

The Police Department moved into the new police station in January. An open house was held to show the townspeople their new building. Residents who could not make the open house but were interested in touring the building were welcomed during the year when an officer was available to escort them through the station.

During the past year we experienced personnel changes. The Department has many new young officers whom we can be proud to call Seabrook Police Officers.

Cooperation between the residents and the Police Department has increased leading to a better understanding of the problems which all of us experience. We hope this will continue.

Each year brings more regulations and mandates from the State and this year was no different. Police Officers now must attend a mandatory eight hours of some type of approved training besides firearms training, first aid certification, intoximeter recertification, and so on. Although this training is costly, it is money well spent.

Once again, I request that, as citizens, you communicate to me, your Police Chief, concerns regarding violations of the law and the operation of the Police Department.

Respectfully submitted,

Paul J. Cronin
Chief of Police

ANIMAL CONTROL DIVISION
REPORT FOR 1988

The Animal Control Officers end another interesting year. In addition to the usual domestic animals, we had to deal with a nine and a half foot python snake that was abandoned by its owner and a sickly looking lizard that was not being cared for. Both have new homes and are doing just fine. Although barking dog complaints have dropped, the number of dogs at large has increased which, unfortunately, has also resulted in an increase in the number of animals killed by motor vehicles. It is important that owners ensure the safety of their pets and maintain control of them at all times. We have also seen an increase in the inhumane treatment of animals this year, as eight cases were reported to the division. Some have gone through the court system, most were taken care of with public education. In an effort to professionalize this division, we have become members of the New Hampshire Animal Control and Humane Officers' Association, and one of us is on the board of directors as an alternate. We have participated in the week long New England Animal Control Humane Academy at UNH in Durham, N.H., in addition to another training seminar. It is our hope that with your help, 1989 will be a safe and happy year for you and our animals. As always, call us if you have any questions or need information on pet care or the laws.

CRIMINAL INVESTIGATIONS DIVISION
ANNUAL REPORT - 1988

1988 was this writer's first full year within the Criminal Investigations Division. The year 1988 clearly showed a marked increase in "serious" crime figures, investigations of which require far more time and more expeditious response than "the norm." Naturally, the Police Department considers ALL criminal activity to be serious, but we are now seeing a tip of the scales; i.e., crimes against persons taking a great leap forward and crimes against property being committed on a much grander scale.

The response from this Division has been as constant and timely as possible taking into consideration that the Division consists solely of this officer. It should be noted at this juncture that without the constant vigilance of cooperation of the Patrol Division, far less could have been accomplished.

Along with the investigative responsibilities of this office which will become more clarified in the statistical figures below, this office also processes and maintains all departmental evidence/possessed property, functions on an advisory basis to patrol officers, and supervises both the Offices of the Prosecutor and Juvenile Officer, filling in during those officers' absences.

This officer has remained participatory in the Juvenile Division's Annual Safety Program for Elementary and Jr. High School students as well as in special events for children of the community. Additionally, this officer is active in the training of new officers in the Department's Formal Training Program.

This year has been marked by a cooperative interaction between our Department and other local, state, and federal law enforcement agencies both inter and intra-state. Such alliances have resulted in the clearing of many theft and burglary reports and culminated in tens of thousands of dollars of recovered merchandise. This inter departmental cooperation continues and we are still seeing progress and recovering more and more property.

The following are the statistical figures for this Division in the year 1988:

Juvenile Sexual Assaults	22
Juvenile Abuse/Neglect	23
Adult Abductions	01
Adult Sexual Assaults	06
Forgeries/Bad Checks	27
Untimely Deaths	02
Attempted Suicides	01

OFFICE OF THE PROSECUTOR

This has been my fourth year as Prosecutor, a year that has shown a marked increase in case numbers and respective trials. This increase added to the normal activity, has demanded more of my time in clerical functions thus detracting from my research and trial preparation.

However, prosecution policy remains the same, equal justice for everyone and a respect for the laws that allow society to function in an orderly manner.

The Law Library has become a source of effective and quality research, not only for this Department but for the area departments and officers who constantly flock to our facility in search of assistance. In addition to those volumes we have, there are still yet several we do not have and hope to obtain in the future.

Education is still a priority, both my own and that of my fellow officers. I continue to attend the New Hampshire Police Prosecutors' Association as well as various WANG computer schools, a DWI update seminar, a seminar on the new bail law and assorted Police Standard schools. On the giving side, I continue to teach our newly hired officers within the Department's training program and have even instructed the elementary school children on bicycle safety.

The following is a statistical synopsis of the year's activities:

<u>1987</u>	<u>1988</u>	
3,085	3,384	Total cases presented to Court
1,958	2,330	Found guilty
19	27	Found not guilty
401	437	Pled not guilty, scheduled for trial
377	245	Continued to other dates
137	181	Defaulted appearance by defendant
63	56	Nolle Prosequied

YOUTH SERVICES DIVISION
REPORT FOR 1988

This year in Youth Services showed an increase in the need for more services for the youths of this community. Outside the home placements increased dramatically as did the calls into my office.

Programs that were done this year for our school children were: Officer Phil Drug Awareness Program, grades 5 and 6; a three-day safety program sponsored by the Seabrook Police Department for all grades, K through 8; and several lectures. Winnacunnet High School had its first chemical free graduation which was a huge success as well as a drug awareness night for parents and youth that was well received.

This Officer attended a two-week program in Andover, Mass., which was followed by a weekend seminar aimed at bringing the community and schools together in a working partnership. I believe with the response from parents and young people in our schools this has definitely happened.

This has been my first full year in Youth Services and I have had the support of several services groups in our community such as K.J. Quinn, the Lions Club, Rotary, Seabrook Businessmen's Association, and so on. Through these organizations' contributions, several essential programs and services have been provided for our young people.

I am eagerly looking forward to 1989 and hope that more services will be made available.

Respectfully submitted,

Michael W. Frost
Youth Services Division

Statistics for 1988:

- 215 Cases handled in Hampton District Court

FIRE DEPARTMENT

First of all I would like to say a thank you to the Board of Selectmen, the Ladies Auxiliary, and all Department Heads for their much appreciated help and cooperation through-out the year of 1988. I would also like to add my thanks to the men and officers of this Fire Department.

The ambulance and fire services have been very busy this year, and I expect 1989 to be the same.

Our first year in the new fire station has proven to be as we expected: excellent conditions and facilities to work with. I would like to extend my thanks to the people in the Town of Seabrook for making all this possible.

Once again I would like to stress the need to check all smoke detector batteries. Smoke detectors have proven to be an excellent life saving home alarm system. I feel that without the smoke detector alarm there would have been lives lost in the Town of Seabrook this year.

I am looking forward to working for you in 1989. On behalf of the Seabrook Fire Department I would like to wish all of you a safe and happy new year.

Ernest B. Sanborn

EMERGENCY MANAGEMENT OFFICE - 1988

I submit the following report to the Board of Selectmen and the citizens and tax-payers of the Town of Seabrook, N.H.

First of all, I would again like to thank the Board of Selectmen, the Fire Chief, the Police Chief, the Water Department Superintendent, the Road Agent, and all other persons who have been involved in assisting with the operations in this part of the town government.

The Basic Emergency Plan for 1988 has been signed by the Board of Selectmen. The Emergency Operations Center (EOC) has been activated several times for emergencies, and also for testing equipment for the Radiological Emergency Response Plan (RERP).

The town has acquired a Zodiac type of boat and also a motor; the boat and motor have been turned over to this office. This office has also purchased a trailer for the boat and two survival suits for emergency responders. This boat has been successfully used in the recovering of persons in distress who were capsized in the ocean.

The dive team has responded to many calls, both mutual aid and local calls. They have again done an outstanding job in their dedication to save lives.

There have been several exercises in reference to radiological emergency responses. We were graded by the federal people and seemed to have passed with good reports. We have also had table top exercises with all of the town governmental staff, involving hazardous material spills or accidents.

This office would like to invite any town's person who might have an interest in the lives and safety of the public, to please contact me at 474-5772. I would welcome the input of your assistance.

Respectfully submitted,

Norman L. Brown
Emergency Management Director

ROAD AGENT'S REPORT
January-December, 1988

The first project for the year 1988 was putting up signs, designating the location of the New Police Station.

During the year the usual duties were carried out, Rubbish runs, cleaning catch basins, working on shoulders of the roads, cold patching roads and plowing snow, salting and sanding when necessary.

The cemeteries were taken care of, that is, raking, mowing and filling in sunken graves.

Some of our extra duties were assisting the Police Department in moving into their new quarters. Assisting the Recreation department with Old Home Day. We also helped in moving the Community Action people from the Chase Homestead to their new quarters in the Old Fire Station.

The street sweeper and the beach rake were used as well as the farm tractor to cut grass along sides of the roads.

During the year we had two sessions of Clean-up Weeks. In June the beach was done June 6th. to 13th. and uptown June 20th. through 27th. In the fall during October we had the beach the 3rd. to the 7th., and uptown the 17th. through the 21st.

As usual during the months from June until September, we had double rubbish runs at the beach, and spent considerable time in emptying the barrels that are put out at different locations on the beach for trash.

During this year we worked on Lower Collins Street, readying it for hot top at a later time; and also we worked on Old New Boston Road and were able to put a binder on the road, which will make it easier for plowing.

This year the Highway Garage will have a new look. An addition is being put on the front of the building to house an office, lunch room and a maintenance garage. There will be other additions to house the Park Department and the Water Department and three more bays to house our highway vehicles. While this is in progress the Highway Department has moved some of our equipment to the Old Fire Station on Collins Street, and the spreaders, at the dump site.

Wilbur Fowler, one of our long time employees, has retired. He will be missed by his co-workers.

Vernon G. Dow, Road Agent

Article 23: To see if the town will vote to establish a "Study Committee" of not more than three(3) for the purpose of exploring the feasibility of a municipal recycling program for the Town of Seabrook. The Study Committee is to be appointed by the Board of Selectmen and is to report back to the Board of Selectmen with a preliminary report prior to the 1990 Annual Town Meeting; further to raise and appropriate the sum of five hundred (\$500.00) dollars for expenses of this Study Committee for travel and legal advice.

(Recommended by the Budget Committee)

Article 24: To see if the town will vote to change the purpose of the Municipal Sewer Fund for the limited objective of permitting the appropriation of 12.5 million dollars from this fund as a partial payment on the judgment by the owners of the Seabrook project against the town for the tax years 1983 - 1986, and to appropriate said sum, and to authorize the Selectmen to take all necessary action to carry out said payment. Such payment shall be without prejudice to the rights of the town under its appeal of said judgment now pending. Except as permitted by this vote, the balance in said fund shall remain in trust for the original purpose for which the Municipal Sewer Fund was created. (Two-thirds majority vote required of those present and voting.)

(Recommended by the Budget Committee)

Article 25: Upon petition of Stanley Morrison and ten other legal voters of the town: " To see what action town meeting will take to adopt a so-called Proposition 2 1/2 CAP on all expenditures of the Town of Seabrook's budget for the 1989 fiscal year and further provided that for any override of the 2 1/2 percentum shall require a 2/3 vote of those voters present at any regular or special town meeting.

Article 26: On petition of Warner B. Knowles and eleven other legal voters: " To see what action the town meeting will take on the following:

Whereas the Seabrook Beach Precinct has, by a special enactment of the NH Legislature, its own Building Inspector, Board of Adjustment and the enforcement of such zoning ordinances vested in the Seabrook Beach Precinct Commissioners;

Whereas there has now occurred widespread and flagrant instances of those zoning laws being violated within the Seabrook Beach Precinct as well as violations of the State Laws and Regulations of NH Water Supply & Pollution Control Commission on sewage and septic involving the Town of Seabrook;

Whereas, there are instances of lack of enforcement involving a wide spectrum of Precinct Zoning Code, be it further resolved that the following course of action be taken by this annual adjourned Seabrook town meeting: that the Town of Seabrooks' Senator and Representatives to the General Court be formally requested to introduce a bill for legislation at the next session of the General Court that will rescind the law or laws allowing the Seabrook Beach Precinct to have its own exclusive enacted zoning ordinances governing land use and the enforcement thereof; and that the Town of Seabrook be named the authority for zoning and enforcement thereof. Be it further resolved that the Town of Seabrook through its Board of Selectmen be directed to take whatever legal courses of action necessary to enforce the person(s) responsible to take action on the widespread zoning violations at Seabrook Beach Precinct which are having an adverse effect on the Town as a whole".

The legal courses of action to include a request to the cognizant law enforcement agencies and departments of both county and state, having jurisdiction of the violations involved, and the violations to be specifically documented and presented to those names above.

Article 27: To See what sums of money the town will vote to raise and appropriate for the expense of the general government, for the protection of persons and property, for health and sanitation, for highways and bridges, for the support of the town poor and for all necessary expenditures for the ensuing year.

Article 28: To transact all other legal business that may come before this meeting.

Given under our hands and seals this 22nd day of February, in the year of our Lord One Thousand Nine Hundred and Eighty Nine.

Welfare Officer's Report

Again this year I am pleased to report to the citizens and taxpayers that we have made it through another fiscal year and stayed within the budget and had a surplus.

The caveat that I must give, however, is that as a result of the "major overhaul" in the Federal Welfare Laws and certain entitlement programs which will curtail many benefits as well as fate of the New Hampshire taking a "tight monetary" approach to welfare benefits will per-force impact on the towns and cities. That famous "safety net" which you may have read about on protecting the indigent is right down at the local level.

The housing and rental situation for many is a major problem and in many instances takes all of a families income.

The AFDC Federal and State Welfare Program is inadequate in monies for most single mothers (and sometimes fathers) to live on. All of this portends the town(s) may have to be that safety net and if the present trend continues we have been notified by the N.H. Welfare Administrator's Association of which I am a member the lack of funding at the state level eventually impacts on the local community.

The bottom line in my report to you this year is we don't know for certain what this year may bring as to actual expenditures and the legislature is again "tinkering" with the basic welfare law RSA 165. The last time this law was re-codified it mandated among other things that a person who is in town for one hour is entitled to welfare. We don't need any more changes like that.

James C. Falconer
Welfare Agent

Street Light Committee.

As in past years we have travelled the streets of the Town, reviewing areas where residents have requested street lights. We found a few streets very dark due to the fact there were no street lights. As a result we have recommended five (5) additional lights to be installed.

Every time we have met and toured the streets, we have found many lights out, or malfunctioning. If residents would call the Town Hall when they find a light out and give the pole number and location, it would help themselves as well as the town, as the town is billed for the light whether it is working or not.

We have enjoyed serving the town in the past and will try to serve in an efficient manner in the coming year.

1988 ANNUAL REPORT OF THE SEABROOK RECREATION COMMISSION

The members of the Seabrook Recreation Commission are: Vernon Small, Chairman; William Moore, Vice Chairman; Charlotte Dow, Secretary; Clyde Brown, Parks Department; Asa Knowles, Selectmen; Harry Knowles, Sr. and Salvatore Rubera. The administrative staff of the Seabrook Recreation Department are Sandra Beaudoin, Director of Recreation and Edward Pickard, Assistant Director.

The Seabrook Recreation Commission and staff continued to put forth their dedicated efforts in providing leisure services for Seabrook residents including pre-school thru senior citizens. During 1988, the Recreation Department, as all town departments, was cut 7% at the 1988 Adjourned Town Meeting. This cut forced the department to reduce weekend hours at times which would not effect the structured programs offered by the department. Planned expansion of existing programs and new programs was also not possible in 1988, due to the mentioned cut. Through careful planning, all past regular programs were successfully carried out in 1988.

The following indicates the daily average of people using the Seabrook Community Center during the four sessions of programs offered by the Recreation Department.

SEACOAST COCA-COLA IS STILL OUR NUMBER ONE CO-SPONOR

Seacoast Coca-Cola Bottling Co. continues to support a number of our youth programs saving the tax payers money. During 1988, the company provided beverage products, T-Shirts, Prizes (such as a bike, mugs, Max Headrum articles and more...) and film for photos with Santa. Total value of their 1988 donations equals approximately \$1,800. Programs which were assisted included the youth basketball league, teen basketball team, Rams football team, youth tennis program, Miss Seabrook Contest, Old Home Days, BMX and Youth Christmas Party.

1988 SEABROOK OLD HOME DAYS

The 1988 Seabrook Old Home Days were again a success and filled with entertainment and fun. The 8th annual Miss Seabrook Contest opened the Old Home Days on Thursday, August 18th where over two hundred and fifty people

witnessed Michelle Fuller being crowned as the 1988 Miss Seabrook. On the following night Jamie Eaton was crowned Jr. Miss Seabrook. On Saturday, August 20th over 20 local non-profit groups, town departments and others provided food, crafts, contests, entertainment and more. Included in the day were: field races, diaper derby, egg throw, hula-hoop, arm wrestling, best home made pie, musket shoot, pie eating, doll carriage parade, decorated tricycle, corn husking, horseshoes, cribbage, bingo, softball tournament, cow chip sweepstakes, Monte Carlo, pee-wee races, skillet throw, a variety of entertainment, fireworks and more. On Sunday, BMX races were held at the local track in honor of the Old Home Days. The Lions Club was unable to hold the annual 10K Road Race in 1988, but is planning a bigger and better race for 1989.

1988 PROJECTS

During 1988, the Commission postponed any new capital improvement plans at the annual town meeting, therefore only had prior approved projects to work on during 1988. The group completed the installation of the back-up generator for the Community Center. Land improvement funds were spent to clean up the wooded area behind the Community Center. In all, the group wrapped up as many of their remaining projects as possible.

In addition to above the commission purchased a few pieces of new equipment for the Community Center: a small computer system, wet-foam fire system for the Center's stove and small gymnastic training equipment. Spending was limited as with all departments.

In conclusion, the commission and department managed to successfully continue pass programs and maintain the Community Center. Volunteers such as coaches, BMX managers and special event helpers still played an important role throughout the year. The volunteer of the year award was presented to David Picket in 1988 for his active involvement in many youth sports during 1987.

SEABROOK MOSQUITO CONTROL 1988

Field work began on April 12th with surveillance of freshwater mosquito breeding sites. Derek P. Griggs was hired the same week as Field Assistant. Griggs, who had worked for Mosq. Control the two previous summers, was already familiar with the procedures, the areas and the type of work that the job entails. This saved time and money in advertising, interviewing and most of all training. Larviciding treatment of sites found to support mosquito larvae began a week later. Salt marsh surveillance and treatment began on May 3rd.

The adulticiding phase of the program (evening treatment of public roads with the spray truck) began on May 27th and continued through Sept. 21st. Spraying was done on 35 different nights with the east side of Town being completed 18 times and the west side 14 times. The last of the malathion adulticide was used and then the new Scourge (tm) brand was put to use starting on July 6th.

June saw a record week for adult mosquito populations. Most of these were the Aedes cantator (salt marsh) and A. vexans(summer/freshwater) species which developed during the wet month of May (6.4" rain). During the days of July 22-27th, 4.75" of rain fell (total of 7.1" for the month) activating breeding sites again and causing adult populations to be very high in August. The end of August brought the full moon flood tide (11.5') and more heavy rain over Labor Day. Again, salt and freshwater sites were activated , extending the larviciding and adulticiding phases far into Sept. The final night of light trap adult population monitoring, Sept. 8th, showed the highest A. sollicitans (salt marsh) count for the year! . Because of the unusual rainy weather in the late summer, more spraying and later treatments were done than in previous years.

90 greenhead fly traps were again placed on the saltmarshes this year. Thousands of the vicious-biting flies are trapped and die before they can reach higher ground. The flies are attracted to the shades of the boxes, fly up inside and are trapped in the screened in section where they die of dehydration.

Petitioner's Advisory Committee

I am pleased to make this report to the citizens and taxpayers of Seabrook on the workings of the Petitioner's Advisory Committee.

As most of you are aware, the charter of the Town of Seabrook has a unique feature not available in any other town or city in the State of New Hampshire. Part II, Section VIII of the Town of Seabrook's Home Rule Charter states "the moderator shall appoint an Advisory Committee of three (3) persons to aid petitioners requesting assistance in preparing warrant articles. Members of the committee shall be attorneys or persons otherwise qualified by virtue of their experience in town government. Initially there shall be a one year term, a two year term and a three year term. Each year thereafter the vacancy shall be filled for a three year term. As you may or may not be aware the Citizen's Advisory Committee is comprised of the following citizens:

Bruce G. Brown, Chairman
James C. Falconer, Clerk
Robert Cushing

We are available to assist citizens with petitions for the Town Warrant. The deadline for submitting warrant articles this year is February 7th. by midnight.

Bruce G. Brown, Chairman

Pollution Control Committee
(Sewer Study)

This year was the year the Committee finally got back into the Sewer Study business after two years of relative inactivity. We actually scheduled several work sessions with the engineering firm of Jones & Beach and Stearns & Wheler to address the development of a sewer use ordinance for recommendation to the Selectmen. We tailored the ordinance to fit local needs based on the engineering plans accepted by the voters. The recommended ordinance will be presented to the voters in the spring for comment and approval.

The Selectmen initiated the legal procedures for acquiring Wright's Island, either by fair market value purchase, or by eminent domain if price cannot be mutually agreed.

The engineers prepared the initial contracts necessary to install trunk sewers from Seabrook Beach and Wright's Island to the Centennial Street area, and also trunk and collector sewers along Route 1 to include the necessary pumping stations needed in this system. The contracts were scheduled to be put out for bid in December.

That was the good news. The bad news is that for the most part the construction of our sewer system has been put on hold due primarily to money and ecological concerns.

The present economic status of the nuclear plant reduced the input of additional funds into the existing sewer fund at 1988 Town Meeting and most recently the State courts awarded the plant a judgment against the Town of over 35 million dollars. The result being that the Selectmen will ask the voters at Town Meeting to approve the transfer of a majority of the monies in the sewer fund to help defray the cost of the judgment. The Committee was not thrilled by this news but the alternative would be tax bills that would definitely not be in the best interests of the voters.

The second problem area which will delay construction of the sewer system arose from complaints from Salisbury Beach residents that the plant would smell and also contaminate the marshland adjacent to the Wright's Island location. Locally, Mr. Eddie Adams has created some controversy by contending that the proposed ocean outfall does not extend far enough out into the ocean. He wrote letters to legislators to include Mr. Rudman who has requested a congressional investigation of our proposed system. These concerns have all been addressed by the Committee and the Board of Selectmen through the State Water Supply & Pollution Control Commission but a more detailed investigation by the Army Corps of Engineers has been requested by the interested parties putting an undetermined delay on construction of the local sewer system.

Chairman

D.P.W. FACILITY BUILDING COMMITTEE

The committee has been meeting twice a week (Monday and Thursday) since fall drawing up plans, applying for and accepting bids for the various phases of the construction.

The construction will continue through the winter and into the spring because of the delay in getting started. All things considered, however, steady progress is being made. The office and facilities building will be completed except for the brick facing during the next month or so with the other two buildings completed following that. We feel the entire project will be completed by late spring.

The overall plans call for a facility which the town should be proud of and one which will give the workers in these departments a modern, comfortable building from which to work. It will at long last lose its' name of "Town Shed" and hopefully take on a much more dignified name.

Under the plans, the entire facility will be practically maintenance free, well laid out for easy access and maneuverability and afford enough storage space to accomodate all of the town's equipment.

The committee has been busy overseeing the construction and acting as Clerks of The Works, seeing that various phases of the work mesh in, thereby accomplishing a smooth operation of the overall construction and, not coincidentally, saving the town many thousnads of dollars.

We wish to thank all those who have cooperated with us and helped us to complete our work.

Conservation Commission

The Conservation Commission was reorganized during the 1988 year as the Selectmen appointed four (4) new members.

Many new projects were brought before the Commission, including the reconstruction of the sand dunes along the ocean front at the end of each right of way heading to the seashore. The Commission was asked of our priority by the engineering firm drawing up the plans.

The Commission was well represented at Wetlands Board hearings in Concord. Our participation was well appreciated.

Board of Adjustment

The Board of Adjustment, as you may be aware, is a quasi-judicial Board which is Latin meaning "a small court". The Seabrook Zoning Board of Adjustment has been called "The Supreme Court of Seabrook", which in fact it is in some matters regarding zoning appeals and variances. In 1988 the ZBA heard 16 cases, allowed 11 variances and denied 5. Two cases were appealed to the Superior Court and the ZBA and the Town was upheld on both cases. I feel that it is important to point out to the citizens of Seabrook that a popular misconception should be explained and that is the term "hardship" as it relates to land use and variances. Hardship has nothing to do with the financial or economic means of an applicant for a variance. The hardship test on a variance has been defined by the NH Supreme Court which stated there must be "special conditions about the property which makes it unique from other property". In other words, the hardship must be something about the land and not the owner to qualify for a variance.

The Zoning Board is a five member Board who are appointed by the Selectmen for a three year term; they cannot receive any pay and must be a bonafide resident of the community in which they serve. All of the members, as well as the alternates, attend the comprehensive law lecture series which are given at Phillips-Exeter Academy on land use law and zoning so that members are kept current on zoning and court case law.

It is a pleasure to make this report to you, the citizens and taxpayers of Seabrook.

James C. Falconer, Chairman
Board of Adjustment

Seabrook Housing Authority

The Seabrook Housing Authority had a busy year in 1988 looking into many possibilities for Elderly Housing for our residents. Creative financing, federal assistance programs, joint ventures were among some of the many avenues the Authority has investigated in depth.

We continue to have realistic expectations, and feel that we will be successful in our goals to obtain affordable housing for the senior aged population of our town who have both physical and emotional needs for such housing.

The authority has a new member, Joseph X. O'Neill, who has extensive knowledge in the real estate area. Representative Charles H. Felch continues to serve along with officers Paul M. Kelley, Vice Chairman and Frederick L. Moulton, Jr. Clerk.

We look forward to the challenges that lie ahead, and solicit the help of our residents to achieve our goals.

Sincerely,

Frank J. Palazzo

SEABROOK BEACH VILLAGE DISTRICT
Annual Report

The Seabrook Beach Village District held their annual town meeting on Tuesday, March 29, 1988 at 7:00 p.m. at the Warren West Memorial Building on Route #1A. Officers for the 1988-1989 term were elected as follows:

Patricia O'Keefe	Commissioner for three years
Ruth Xavier	Clerk
Emma Devaney	Treasurer
Edward Maquire	Moderator

The Beach Commissioners meet on a regular basis on the second Wednesday of each month.

As there were no zoning changes proposed this year, there was no need to hold public hearings prior to town meeting. At the April meeting of the Commissioners, Commissioner Tim Willis was nominated to be Chairman of the Board by Jack O'Neail and the nomination was seconded by Patricia O'Keefe.

Early in the year the idea of combining the position of up-town building inspector and the beach building inspector was discussed and Tom Battles was named to be on the committee to represent the beach. However, to date, nothing more has been done.

A special meeting was called to address zoning issues on June 21 as a result of a resolution that was passed late during the town meeting on June 19 up town. The resolution, sponsored by Water Foreman Warner Knowles, called for removal of the precincts' right to enact and enforce zoning ordinances. It called for local representatives to seek removal of the beaches' power of zoning by an act of legislation, and if passed, would give the town the power to enforce and change zoning if it wants.

The special meeting brought out several hundred beach residents who opposed the resolution, as well as Representative Charles Felch, State Senator Robert Preston, and Representative Ellen Cressey. The Water Foreman also attended the meeting and told those present that there were many zoning violations at the beach, including multi-family dwellings. He said that he had nothing against the precinct but thought the Commissioners weren't doing their job in enforcing zoning. The Commissioners said that without the power to zone themselves, the area could become another Hampton Beach, adding that Seabrook is the last family beach left in the area.

In August the Board of Selectmen agreed to pay the precinct \$3685, or about one-half of what they were paying to rent the precinct building, for continued use of the underground storage tanks at the site. According to the contract, the tanks are to be removed and the building restored to its original condition.

SEABROOK BEACH VILLAGE
Board of Adjustment

On April 13 during the regular monthly meeting of the Village District Commissioners, a new Board of Adjustment was assigned for the 1988-1989 term and members were as follows:

Tom Battles,	Acting Chairman
Patricia O'Keefe	
Bud Rathgeber	
Jack O'Neail	
Charles Kaslow	
Pat Vivenzio	Alternate
Warren Crawford	Alternate
Ted Xavier	Alternate
Tim Willis	Alternate
Marion Kinlock	Alternate

Two cases were held during the past year. On April 20 the case of Francis and Beverly McCarthy was heard. The applicant proposed to change the rear set back from 8 to 6 feet so a 24 x36 foot modular home could be constructed. It was located at the corner of Tyngsboro and Ocean Boulevard. The variance was denied in a unanimous decision of the Board.

In August the Board heard an appeal from George Hughes and William Johnson concerning property owned by Eleanor Horlbeck at the corner of Haverhill Street and Route #1A at Seabrook Beach. The applicant proposed to create three lots of 5320 square feet, or two lots of 7980 square feet each from one lot of 15,960 square feet, with easement access to such lots to be created running to Haverhill Street and parallel to Route #1A. This variance was denied by a unanimous decision of the Board of Adjustment.

The Board of Adjustment meets on the third Wednesday of each month when a case needs to be heard. They do not meet on a regular basis.

Respectfully submitted,
Tom Battles, Acting Chairman

ANNUAL REPORT - 1988
BROWN LIBRARY

Although budget cuts forced a delay in some scheduled plans, 1988 has proven to be another year of progress for Brown Library. Circulation and patronage increased once again. Books and other library materials began to be ordered via the computer - thus speeding up the acquisition process. And, in response to numerous requests from the public to do so, late in the year the library was finally able to expand its hours and began opening in the mornings two days a week. This action was facilitated by the addition of a new employee, Suzanne Weinreich, who until recently was the director of the North Hampton Public Library.

The Library staff have accomplished much this past year. Anne Ferreira, Children's Librarian, was given the "Librarian of the Year" award by the New Hampshire Library Trustees Association. Elizabeth Heath, Director, was named to the Executive Board of the Seacoast Area Integrated Library System (SAILS) and served as Chair of Area Library Forum V. And part-timer, Sharon Rafferty, was made Head Librarian at Whittier Vocational Technical High School in Haverhill, Massachusetts.

Brown Library continued to do well by its public in 1988. Frequent additions to the collection kept the adults well read in both the best-sellers and other less-popular but equally interesting books. A joint purchase, with the other Seacoast Cooperative Libraries, of selected PBS videotapes marked the library's first venture into this non-print format.

The Children's Room kept the youngsters busy with new books and a lively and varied schedule. Story hours were held throughout the year, and professional entertainers, puppeteer Beth Katz and magician B. J. Hickman, performed during the exciting summer program. The library once again hosted groups of children from the Seabrook Recreation Center as part of the Rec's summer activities program. During the season's culminating event, a bicycle donated by Zayre's was won by Andrew Meilleur.

The library building received some much needed attention during the year. A new furnace was installed during the heating season as the old one completely gave up (with a bang). The incoming water pipe was replaced, and a small trash shed was constructed on the rear of the building. The building's exterior was painted, its signs were refurbished for added visibility, and its damaged chimney was repaired.

Gifts and/or help were given by many sources including, but not limited, to: Wendy's Hamburgers, Seabrook; The Seabrook Lionesses; Zayre Corporation, Seabrook; Seabrook Bank and Trust Company; Coca Cola, Seabrook; DeMoulas, Seabrook; Charlotte M. Dow, Seabrook; and the Seabrook Business and Professional Association. Additionally, several memorial gifts of books and/or cash were received.

The Friends of the Library passed a relatively quiet year, the highlight of which was their annual participation in Seabrook's Old Home Days. Along with their now traditional book sale, they held a

raffle of baskets of food and housewares, the winner of which was Mark Coellner of Hampton Falls. Gifts of ten magazine renewals and passes to the Museum of Fine Arts were given to the library by the Friends.

The library and its staff maintained active memberships in various professional organizations including: the American Library Association, the New England Library Association, the New Hampshire Library Association, the Seacoast Cooperative Libraries, the Seacoast Area Integrated Library Cooperative, and the Merrimack Inter-Library Cooperative.

Brown Library strongly encourages all to come and make use of the many services offered. New, expanded hours are Monday, Wednesday, Friday, 12:00 - 8:00; Tuesday, Thursday, 10:00 - 6:00; Saturday, 9:00 - 1:00. Help us make 1989 even better!

1988 WATER DEPARTMENT REPORT

We would like to express our thanks and appreciation to Ernest D. Janvrin, Jr. - better known as "Bish". Bish retired this year after being employed by various town departments for many years of which the last seventeen were with the water department. He will be greatly missed by all, and we wish him the best as he enjoys his retirement.

There were 426,985,630 gallons of water pumped in 1988. This is a decrease of 28,411,900 gallons over the previous year due mainly to a decrease in outside watering and industrial-commercial use.

Commercial-industrial use decreased from 133,246,660 gallons in 1987 to 123,908,170 gallons in 1988. Public Service Co., Bailey Co. and K.J. Quinn Co. had sufficient decreases of 8.3, 4.3 and 1.0 million gallons respectively, while Best Western Inn, with their new addition, had a 3.0 million gallon increase.

There were 46 new services installed in 1988. Of those, 39 were residential and 7 were industrial-commercial. The industrial-commercial included industrial buildings, sub-divisions, a motor inn and a campground.

Several water leaks occurred and although most of these were on landowners property, we had to oversee the repair and give minor assistance. Of the leaks repaired by the department, the largest were found on 10" and 8" mains located on True Road and Stard Road.

Five new hydrants were installed on Ledge Road. Some difficulty occurred in the installation because of the depth of the water main and the build-up of the road. This resulted in the department installing hydrants over 9 feet deep.

The department was responsible for overseeing the laying of mains and services, hydrant installation, chlorinating, flushing and pressure testing on the following projects: Kimberly Drive - a subdivision off Farm Lane, the Golden Eagle and NH Motor Inn on New Zealand Road, K.J. Quinn Company's new building, Protective Material's new sprinkler line on Folly Mill Road, extension of Adams Mobile Park, Ann's Lane off Walton Road, Spear Trucking off Railroad Avenue, Patterson Campground on Lower Collins Street and J&R Realty on Batchelder Road.

In the past year the department has been very busy marking water mains and services throughout the town for various state projects and upcoming sewer project.

Thunderstorms during this past summer hit our pumping stations 7 times. The damage ranged from blown fuses to a burned out transformer and 50 horse power electric pump motor.

Along with their routine duties, the following is a partial list of other accomplishments: painting fire hydrants, replacing well transducers, minor repairs to pumping stations and equipment, repairs to 4 fire hydrants plus starting a large project which when finished will check and update every water service (about 3000) in town.

It also looks promising that a new well will be added to the system in the near future. We resumed our test well program and found at least one site with good possibilities. Whitman and Howard of Wellesley, MA. will be making recommendations to the Board of Selectmen on its potential.

Even though we are working hard to find new sources of water, our customers shouldn't take things for granted and waste this precious resource. If everyone uses water wisely, we will probably enjoy another year with no water ban or moratorium restrictions.

Respectively submitted

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Seabrook
Seabrook, New Hampshire

We have examined the general purpose financial statements of the Town of Seabrook as of and for the year ended December 31, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Seabrook at December 31, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Seabrook. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.
